Email: boqorkareerka89@gmail.com

Languages:

- English – Fluent spoken and written

Profile

Self-taught and highly motivated individual with strong technical knowledge in electronics, computer hardware, and fault-finding. I am fluent in English and skilled at working independently or in a team. I am seeking an opportunity to apply my hands-on experience in a professional environment like Super Micro. I am confident, reliable, and have a sharp eye for detail.

Key Skills

- Visual inspection of hardware and electronics
- Fault-finding and repair of computer systems
- Building and testing computer hardware
- Running diagnostics and troubleshooting problems
- Microsoft Office: Word, Excel, Access, Outlook
- Fast learner with strong problem-solving skills
- Good at building websites using, Wordpress, Html, Css and Bootstrap
- well experienced working with Graphic Design and Multimedia
- Positive attitude and strong work ethic

Technical Experience Self-Taught

Independent Electronics, Hardware, web development and Multimedia, basic networking

2024 – Present

- Diagnosed and repaired various computer systems and small electronics
- Built desktop PCs from individual components for personal and community use
- Performed visual checks and tested for common faults in hardware
- Practiced safety handling of hardware and followed best practices
- Documented results using Excel and wrote simple reports in Word

Education

Self-Education in Electronics, Hardware, web development and Multimedia, Basic Networking

- Learned through online tutorials, YouTube, forums, and hands-on practice
- Focused on computer hardware, testing procedures, and problem-solving
- No formal certification, but strong practical understanding and experience

Why I'm a Good Fit

- I have the technical skills required — even without a certificate
- I am confident working in an international English-speaking environment
- I pay attention to detail and always work carefully and safely
- I am ready to learn more and grow with the team at Super Micro
